

Dell Quay Eurosport 15

Circa 1990 - a clean and well looked after Dell Quay Dory 15 Eurosport that comes with a recently serviced 70 HP 2 stroke and Snipe trailer.

The Evinrude outboard comes with electric start/trim/tilt plus a recent new steering cable (plus new spare).

I epoxied the hull last summer and then underwater-primed and painted with hard antifoul, I also removed all rails and fittings, filled and faired and re-seated with Sikaflex.

The Snipe trailer is in a good condition however, the brakes have been disconnected as the trailer was previously used predominantly for launching in Yarmouth.

Comes with all you need to launch and go!...cushions, anchor, 2 fuel tanks, fenders, oars, fishing rod holders, ski pole and all lines. I also fitted a new automatic bilge pump last summer so it can be left on a mooring without worry, the battery is also new before I bought the boat last year. Fitted cover included.

For Sale £2,995
